ADVISING GUIDE 2017-18

explore.usask.ca
At the University of Saskatchewan (uSask), we know we are doing something important. This is a place where students can do more than prepare for a future career or earn a degree in nearly 200 areas of study. At uSask, students have the opportunity to contribute directly to the world’s knowledge while working alongside renowned faculty in some of the most advanced research and education facilities in the country.

More than 20,000 students from around the world are pursuing an education at this prestigious institution, which offers several highly-ranked programs including agriculture and resource management, environmental science, and veterinary medicine.

The influence of our more than 150,000 alumni can be felt worldwide, where University of Saskatchewan graduates are using their knowledge and experience in many diverse fields, from cutting-edge computer science to the highest ranks of government.

No matter their passion and goals, students can find the support and expertise at uSask to succeed and are invited to join our community as we create, innovate, discover and explore the world around us.

---

**Our alumni and faculty include:**
