

# Residence and Housing

## U of S Residences

The University of Saskatchewan offers students a variety of on and off campus housing options. A majority of rooms are fully furnished with all amenities included (heat, water, power, Wifi and laundry) and offer the comfort, security and convenience of living close to all of the main campus services.

### VOYAGEUR PLACE

The four buildings that make up Voyageur Place are located on “the Bowl”, the heart of the U of S campus, and are connected to the main academic and student services buildings by tunnels and skywalks. Students who choose Voyageur Place are part of a close-knit community with a variety of Residence supports and programming, have access to tutoring in Residence and also receive a full daily meal plan of nutritious, delicious meals.

### COLLEGE QUARTER

College Quarter is one of the newest Residences located in the Varsity View community. The undergraduate Residences in College Quarter feature new, fully furnished units, most of which are four bedroom, two bathroom units with open concept living and eating areas. Each floor also has large, bright lounges and common areas where students can relax, catch up on homework, or take advantage of study sessions and other academic supports available to College Quarter residents.

### MCEOWN PARK

The four high-rise buildings that make up McEown Park offer something for students with various needs. Students with children can apply to live at Souris Hall, upper-year single students and couples without children can apply for 1 or 2 bedroom housing at Assiniboine and Wollaston Halls and single students who want to share our most affordable option, a furnished six-bedroom shared unit, can apply for Seager Wheeler Hall.

### DON'T WAIT: APPLY EARLY FOR RESIDENCE

Residence applications are considered on a first come, first served basis, regardless of the student's admission status. Anyone who is considering living on campus while studying at uSask is strongly encouraged to submit an application to live in Residence as early as possible at [livewithus.usask.ca](http://livewithus.usask.ca).

Please communicate to your students that applying for Residence in Spring might be too late to secure accommodations, or may no longer allow them to live in the Residence of their choice.

For questions about Residence, contact [residence@usask.ca](mailto:residence@usask.ca) or visit [livewithus.usask.ca](http://livewithus.usask.ca).

# Huskie Athletics

 [huskies.usask.ca](http://huskies.usask.ca)

If your students are interested in pursuing an elite-level student-athlete experience that fosters both academic and athletic excellence, encourage them to look into becoming a Huskie. All U of S students are eligible to try out for any of the 15 Huskie teams.

Interested students should fill out a recruit form at [huskies.usask.ca](http://huskies.usask.ca) or contact the coach for the sport they are interested in directly.

## Study Abroad

All U of S students have the opportunity to access international education opportunities, learn about other cultures and experience life abroad, all while earning credit toward their degrees.

With study periods varying in length from two weeks to one year, there are experiences to suit any schedule.

Scholarships and awards are available to make this experience financially affordable.

Students can travel alone or with friends, or can participate in a study abroad program with a group of other U of S students.

Students may choose to study in English or to gain experience in another language.

No matter where students choose to travel, adding an international component to their studies will expand their professional, educational and personal horizons.

To explore study abroad opportunities, students can visit the website at [goabroad.usask.ca](http://goabroad.usask.ca) or contact the International Student and Study Abroad Centre (ISSAC) at:

## Summer Classes

Newly admitted students are welcome to take courses in the summer prior to the start of the fall term in September. Classes run from mid-July to August. Taking a summer course is a way for students to ease into their studies and either lessen their fall/winter course load or allow them to get ahead in their degree program. Students should contact the Admissions Office by July 3, 2017 to request a change to their admission term. Course registration begins on February 15, 2017. Visit [summer.usask.ca](http://summer.usask.ca) for details.
